

# Long Cove Club

## Architectural Review Board

### Appendix D - Application for Direct Broadcast Satellite Receiver (DBSR)

#### Permit Procedure

- 1.1 All Direct Broadcast Satellite Receiver (DBSR) units must receive ARB approval prior to installation. Homeowners must submit this form (Appendix D) along with the current non-refundable DBSR review fee (see Appendix F) to the ARB for each installation. Applications may be obtained from the ARB Administrator or by writing to 399 Long Cove Drive, Hilton Head, SC 29928. Complete details of the location and installation, including any and all attachments to the basic DBSR (20 inch maximum diameter), shall be provided.
- 1.2 The removal or pruning of any trees or shrubbery for DBSR line of sight purposes is specifically prohibited without ARB approval.
- 1.3 The installation of window, skylight, dormer or other features used to conceal DBSR units must be approved by the ARB according to current guidelines for house additions and alterations. The current fee for house additions/alterations may apply.
- 1.4 Each application/installation will be reviewed on a case-by-case basis to be considered. The issues are visual impact from off-site locations and the aesthetic effect concerning the structure. The impact on neighboring homes and the general appearance of Long Cove Club will also be considered.
- 1.5 Wherever the DBSR is located, it is important that the unit be properly screened from views of the golf course, adjacent properties and/or the street.

#### Application Form

\$25 Application Fee (non-refundable) Date Paid \_\_\_\_\_

Property Location:

System Information:

Lot Number \_\_\_\_\_

Type of system \_\_\_\_\_
